

Georgia's Pre-K Program Suggested Topics to Discuss at Parent Orientation

An orientation for Pre-K parents should be provided within 20 days of the commencement of Pre-K services for children. Bright from the Start recommends that providers not solicit “donations” of materials and supplies, as most parents will consider it a mandate instead of a donation. Listed below are suggested topics for the parent orientation; however, the list is not inclusive and other relevant topics may be added. Remember to keep documentation (agenda, sign-in sheets) of the orientation in your on-site program files. An informal session should be provided to all parents who do not attend the orientation or who enroll their children later during the school year. Documentation of initial and follow-up orientation sessions should be kept on site for consultant review. .
